

# WILLIE MAE QUITS

WILLIE MAE ROGERS MAKES POINT  
Good Housekeeping Affiliation Caused Conflict

WASHINGTON (UPI) -- After only four days on the job, Miss Willie Mae Rogers quit Saturday as President Nixon's consultant on consumer affairs amid a growing furor over her connections with the Good Housekeeping Institute.

The White House said Nixon had asked her to take a leave of absence from the institute, of which she is director, and serve as a government-paid consultant, but that Miss Rogers had refused. Her decision to step down "reluctantly has been accepted," a spokesman said.

Miss Rogers came under fire in Congress and in newspaper editorials for remaining on

## SQUALL SMASHES CITIES

# Wave Wreaks Havoc Along Florida Beaches

SARASOTA, Fla. (UPI) — A 4½-foot-high wall of water churned up by a violent squall in the Gulf of Mexico smashed ashore without warning at Lido Beach Saturday flooding the lower floors of tourist-packed motels.

No deaths or injuries were reported, but an unidentified woman who was driving along a beach road suffered a heart attack when the towering wave rolled ashore. She was hospitalized.

THE WALL of water, followed a minute later by a smaller freak wave, sent seas rushing 500 to 600 feet inland, smashing cars, and picked up one sailboat and deposited it in a

swimming pool inside an interior patio at a motel.

The force of the onrushing water was so great it buckled metal doors on the ground floor of motels and left water six inches deep in many of the plush suites.

Officials said the freak waves apparently formed when the squall kicked up heavy seas out over the gulf and two large waves slammed together.

The violent storm then moved across central Florida, battering some spots in the Tampa Bay area with 75 mph hurricane force winds and causing damage in Winter Haven, Lake Wales, Mims, and Alturas, as well as at Tampa-St. Petersburg.

There were no immediate reports of any injuries at any of the locations but numerous traffic accidents were reported.

The storm swept through Cape Kennedy shortly after noon but the space agency reported no damage and there was no interruption of the Apollo countdown rehearsal now underway.

It was a different story, however, at Lido Beach, a lush resort strip linked to Sarasota by causeway.

JOHN BARNES, manager of the Sheraton Sandcastle Motel on Lido, was on the beach along with office manager, Howard Osborne Jr., when the wave hit.

Neither man was hurt, but the fury of the water wrenched a watch off Osborne's wrist and Barnes escaped injury from smashing beach furniture only by climbing a pole.

"I was standing at the south end of our property and the water was around my ankles at the time," Barnes said.

"I was about 100 feet back from the normal water line and I turned around and I saw the wave coming and water was up to my chest almost immediately.

"I saw beach furniture on top of the following wave and I climbed a pole

## Says No to Soviet Warning

Kiesinger Rejects  
Demand to Halt  
Election in Berlin

BONN (UPI) — West German Chancellor Kurt Georg Kiesinger has rejected a Soviet warning of "undesirable consequences" for West Berlin if presidential elections are held there as scheduled, State Secretary Guenter Diehl said Saturday.

Diehl said Kiesinger made a "very brief reply" rejecting both the warning and Soviet arguments when Russian Ambassador Semyon K. Tsarapkin delivered the note personally to the chancellor Thursday.

The Soviet protest charged that electing the president of West Germany in West Berlin violated the four-power agreements on the divided city and was a subterfuge to introduce to the city members of the National Democratic Party, which the Soviets describe as "Neo-Nazi."

THE TEXT of the Soviet note to Kiesinger was released Saturday in Moscow by the Soviet news agency, Tass.

"The Soviet government expects that its warning will be correctly under-

(Continued Page A-6, Col. 7)

## More Rain On the Way

Southland residents were told not to hang up the raingear today as the weatherman reported a new, fast-moving storm would bring more rain Monday.

With nearly a quarter of an inch recorded Saturday, forecasters said none was in sight for today. They predicted relatively fair skies today, with temperatures reaching the low 60s.

As the on-again, off-again showers dampened Long Beach Saturday, meteorologists measured .10 of an inch of precipitation by noon, .15 at 3 p.m., and .23 of an inch at 5 p.m.

**Action Line**  
DIAL 432-3451

ACTION LINE is your service, solving your problems, getting your answers, cutting red tape and standing up for your rights. To get action, write ACTION LINE, Box 230, Long Beach, Calif. 90801, or dial 432-3451 between 9 a.m. and 1 p.m., or 5 p.m. and 9 p.m., Monday through Friday. Questions to be answered are selected for their general interest and helpfulness.

### Under Cover?

Q. Last November I sent a check to State Farm Insurance Co. for my auto insurance. I received my cancelled check, but not anything else. I have asked them for a policy receipt, but they reply that there is no evidence that I have an account with them. I've taken out State Farm policies for five years and never had trouble before. Now I'm worried that I'm not covered. Can you help? E.W., Compton.

A. A spokesman for the State Farm regional office in Santa Ana said your cancelled check is your receipt, and that you have been covered by your policy since the date of the check cancellation. However, a check of their files shows that the policy number you are using is not valid. Many times when policies are renewed, the spokesman said, the policy numbers are changed although the coverage is not interrupted. She suggests you check with the agent who sold you the policy to get your current policy number, and a special receipt if you want one. Until you get your current number, the company will have a difficult time answering your questions about a specific claim. For more information, call the regional office at (714) 542-6241.

### Fire Escape

Q. Can ACTION LINE please explain home fire insurance to me? For how much should you insure your home? What is the current average square foot cost of construction? How are insurance pay-offs actually figured in case of fire damage? W.F.S., Long Beach.

A. Most mortgage companies require that you carry fire insurance for the full amount of your loan. However, if your house is destroyed by fire, the insurance company will pay only what it costs to rebuild the home and replace the furnishings, not necessarily the full face value of the policy, according to J. E. Hanstein, a Long Beach insurance agent. The accepted current square foot cost of construction is about \$14, Hanstein said. Fire insurance should be carried in the

MENLO PARK POLICE CHIEF VIC CIZANCKAS EXAMINES CAPTURED ARSENAL  
Cache Included Bomb-Making Equipment, 75 Pounds of Black Powder, Nazi Literature And Flags

## 9 Neo-Nazis Arrested In Bay Area Bombing Spree

MENLO PARK (UPI)—Nine members of a Nazi-style "Bible study group" were arrested Saturday as suspects in a series of 31 bombings and other terrorist acts against liberal and left-wing groups on the San Francisco peninsula.

Early morning raids carried out simultaneously by 40 officers from five communities also netted 30 guns—including shotguns, rifles and revolvers—75 pounds of black powder, bomb-making equipment and pictures of Adolf Hitler and slain American Nazi party chief George Lincoln Rockwell.

Menlo Park police chief

Victor Cizanckas told a news conference in a room crowded with confiscated Nazi armbands and flags that he allowed himself to be portrayed as a "Commie dupe" so an undercover agent could gain the confidence of the suspects, identified as members of "Society of Man," which passed itself off as a Bible study group.

THE NINE WERE charged with conspiring to sabotage and commit "unlawful acts of force and violence as a means of accomplishing or effecting political change."

They also face various gun and bomb manufac-

turing charges and were specifically charged with bombing and tear gassing a class on Mao Tse-tung held at a Palo Alto church.

Since October, the homes, cars and headquarters of liberal and left-wing persons and groups on the peninsula have been hit by bombings and other terrorist acts. The targets included the Mid-Peninsula Free University; experimental Pacific High School; Probe, an East Palo Alto antipoverty group; the liberal Kepler's bookstores; Palo Alto City Councilman Kirke Comstock, and the antipoverty Kennedy Action Corps.

Cizanckas said police "were attempting to connect the suspects with the other bombings." He said others would "possibly" be arrested.

THE RAIDS followed a three-week investigation in which Menlo Park officer Armand Lareau, 25, acted as an undercover agent. Lareau passed himself off as a right-wing policeman "fed up with his Commie dupe superior officer," Cizanckas said.

The chief said Lareau took phony documents on left wing groups—supposedly stolen from police files—and a spurious let-

(Continued Page A-6, Col. 4)

## Strikers OK

### McDonnell Pact

ST. LOUIS (UPI) — Machinists at the McDonnell Douglas Corp. plant in St. Louis ended a 34-day strike against the giant aerospace manufacturer Saturday when they voted to accept a new contract.

A spokesman for Machinists Lodge 837 said the 18,000 striking workers would begin returning to their jobs on the third shift today.

The strike paralyzed production of the McDonnell Douglas F-4 Phantom, top jet fighter of this country's armed forces.

## BY CAMBODIAN BORDER

### Reds Break Truce; Hit 3 'Copters

SAIGON (UPI) — Communists broke their ceasefire declaration Saturday and shot down three U.S. helicopters, killing five Americans and wounding 18.

U.S. military spokesmen said the three aircraft were shot down near the Cambodian border, about 56 miles northwest of Saigon, two hours after the start of the Viet Cong's truce for the Tet lunar new year.

He said the first heli-

copter was shot down on a routine reconnaissance mission over the area, which is heavily laced with Communist 37mm antiaircraft batteries.

U.S. cavalrymen were airlifted by helicopter to the scene to rescue the men aboard the downed craft, and the Communist gunners opened up again. Two of the rescue helicopters were shot down.

U.S. military headquarters also reported two earlier Viet Cong violations

of the Communist truce, one of them the assassination of a hamlet chief. The other was a bold but bloodless raid in the Saigon dock area in which two Viet Cong took a few shots at U.S. sentry posts.

The allied command announced a short truce of its own Saturday, a 24-hour ceasefire beginning at 6 p.m. to 5 a.m. EST. The announcement of the Tet truce was issued 16 hours after the Viet Cong's seven-day truce began at 7 a.m. Saturday.

## Envoy of Peru Recalled

Tension on Boat  
Seizures; Anti-U.S.  
Fever in Lima

LIMA, Peru (AP)—Peru ordered its Washington ambassador home for consultation and Lima police reinforced guards at American facilities Saturday amid rising anti-American feeling accentuated by attacks Friday on U.S. fishing vessels.

A report from California indicated the U.S. craft were back again Saturday in Pacific fishing grounds off Peru near where at least two of them were fired on Friday by a Peruvian naval gunboat.

AUGUST FELANDO, general manager of the American Tuna Boat Association, said in San Diego that: "As far as we know, the boats are back . . . where they were when attacked."

He said two boat captains told him by radio their craft received extensive bullet damage and that although no Americans were injured one skipper had some near misses.

The Peruvian navy issued a statement saying it would continue to maintain "our sovereignty and maritime interests" inside the 200-mile limit.

The navy also said there had been no "damages, personal or material" to the tuna boats and that when Peru's laws are violated, Peru "does nothing except to protect its maritime rights."

ONE OF the tuna boats was taken to a Peruvian port Friday and released after paying a fine unofficially reported at \$2,000.

Guards on U.S. property in Lima were reinforced after two bombing incidents Friday night. A makeshift noise bomb was tossed into the yard of the Peruvian-American Cultural Institute and two molotov cocktails hit the iron gate of a General Motors Assembly plant outside Lima. There was little damage in either incident.

Hippie's remark at the sight of a string of loaded auto rack cars: "Man, dig that crazy parking lot!"

# Bay Island Tiff Hearing Thursday

Tensions mounted Saturday in the property battle between a group of Sunset Beach homeowners and Huntington Harbour Corp., which claims title to some back yards on Bay Island.

Arguments on a temporary restraining order handed down by Santa Ana Superior Court Judge Claude M. Owens, which bars the firm from installing a chain-link fence on the disputed property, will be heard Thursday.

In the meantime, the Sunset Beach Chamber of Commerce and the Las Damas Club of Sunset Beach have issued statements condemning "the manner in which the Huntington Harbour Corp. removed and demolished fences and possessions of property owners residing

along the northeast side of Bayview Drive . . ."

The nine homeowners whose property is threatened claim title to the disputed land because they have occupied it for the past 20 years without challenge.

The corporation claims title to a 160-foot strip fronting a channel for construction of a row of

## Pasadena Dope Raid Nets 40

PASADENA (UPI)—Police narcotics investigators arrested 40 persons and seized several kilos of marijuana, a quantity of heroin and 3,000 capsules of dangerous drugs in an 18-hour span ending Saturday.

## MOLOTOV COCKTAIL THROWN

# Labor Disputes Flaring Here

Labor disputes — including one marred by the hurling of molotov cocktails—flared in the Long Beach area Saturday.

The weekend union actions included: —A picket line of Oil Field Maintenance Workers Local 1234 at THUMS, Long Beach.

—Windows smashed by bricks hurled at Harvey Aluminum Company's Torrance. Two Molotov cocktails were also thrown at the plant but neither did any damage.

—Threats of a strike against Catalina Freight Company—the organization which provides mainland food and other mate-

rials for islanders—by the company's workers.

—Continuation of the Oil, Chemical and Atomic Workers Union strike—now in its 44th day.

The picketing of THUMS began early Saturday morning at Duke Road and Harbor Scenic

## Dr. Brown Named Caltech President

PASADENA (CNS) — Dr. Harold Brown becomes president of the California Institute of Technology Monday.

The 41-year-old scientist-administrator has completed his work in Washington, D.C., as secretary of the Air Force.

Drive and was caused by a jurisdictional dispute over work done by the Independent Union of Petroleum Workers who are employed by Plant and Field Service Co. at the THUMS yard near Pier J.

THE PICKETS contend the work should be performed by them, not the independent union.

THUMS officials maintained, however, that the independent organization has a contract for yard work only and doesn't contract for oil island work.

Officials at Harvey said they were braced for any new violence. The strike there, which began Jan.

19, has idled members of Local 6700, United Steel Workers.

No new developments were reported Saturday in the continuing oil strike. Last action in the strike was the approval of contract between OCAW and Standard Oil of California Friday.

## Teen Held in Fatal Tot Beating

LOS ANGELES (UPI) — A 14-year-old baby sitter was held Saturday in the fatal beating of a one-year-old South Central Los Angeles boy.

The dead child's three-year-old brother was in critical condition at Watson Medical Center.

Little Darryl Arnold died in the ambulance en route to the hospital, after he and his older brother, Jeffery, were found by a passerby lying on a sidewalk outside their home.

Police said the children's parents, Levi, 32, and Stella, 25, were at work when the beatings took place and the youngsters had been left in the care of the unidentified teenager.

There was no known motive for the slaying.

## Suit Filed Against Kodak

SAN FRANCISCO (UPI) — Two men filed suit in federal court Friday against Eastman Kodak Co. for alleged censorship of some movies the firm considers obscene.

Photographers Frank Esposito of San Francisco and Jerry Abrams of Berkeley filed their combined suit through the American Civil Liberties Union.

## Father Barricaded on Farm 15 Days Refuses Wife Custody of Children

BORDEAUX, France (AP) — From a barricaded farm house where his father has been detaining him for 15 days, 11-year-old Francis Fourquet Saturday called out to reporters: "Send me some bread please. I'm hungry."

Police officials who watched the farm house from a distance said they believed the boy was told by his father to appeal for food. Police had just left

three bottles of milk, cookies and other food in a lane near the farm. The boy had left the house to pick them up while his father, Andre Fourquet, 35, watched with a rifle in his hands.

The father barricaded himself with his three children to protest a judge's decision to leave them in custody of Fourquet's estranged wife. An older daughter escaped several days ago. Francis and Aline, 13, remained.

Charges are being prepared against Fourquet in the killing of a pendarme with a rifle during the siege.

Fourquet was supposed to make up his mind Saturday on whether to surrender. Instead, he shouted to the crowd around his farm that he would not let the children free as long as his wife does not come to see him. She was reported to be refusing to come near the farm for fear he would kill her.

## CHP Officer Solons See Mace Shot on Duty Test on Policeman at Newhall

SAUGUS (AP) — A California Highway Patrolman and a motorist were shot Saturday in a gun battle on Soledad Canyon Road near Newhall.

Patrolman Warren B. Joffus, shot in the chest, was listed in good condition at Santa Clarita Hospital here. Michael Lane, 29, Canoga Park, was listed in serious condition with a bullet wound below the heart.

Officers said the battle came after they stopped an automobile for a traffic violation and Joffus walked toward the car.

INDIANAPOLIS (AP) — An Indiana state senator squirted the chemical weapon MACE in the face of a policeman on the Senate floor Saturday to demonstrate the need for a bill outlawing possession of the chemical by private citizens.

The Senate revolted and defeated the measure, 11-34.

The plainclothes policeman, Lt. R. K. Andersen of Indianapolis, was led away temporarily blinded and virtually helpless.

The author of the bill who squirted the MACE, Sen. John J. Frick, D-South Bend, said his mea-

sure was designed to keep MACE out of criminals' hands.

But an opponent, Sen. James B. Young, R-Franklin, said the bill would take away citizens' right "to protect life and property." Another senator said the bill would encourage black marketing of MACE.

The bill would have provided up to \$1,000 fine and one year imprisonment for possession of MACE except by law enforcement officers, but would not have banned possession of other defensive weapons such as tear gas pistols and pens.
